

Metric Machining

3263 Trade Center Drive, Riverside, CA 92507 909-947-9222 fax 909-923-1796

PRIMARY OPERATIONS

Davenport (28) - Max Capacity 7/8"

CNC Lathe (1) 8 Axis – Max Capacity 2 5/8" - 10" Chuck

New Britain (2) - Max Capacity 1 5/8"

CNC Swiss (8) 20 Axis – Max Capacity 32mm

Wickman (2) - Max Capacity 1 3/4"

CNC Gang Tool Lathe (4) – Max Capacity 1" – 3" Chuck

Brown & Sharp (12) – Max Capacity 2 3/8"

Grinding (1) Centerless Through and End Feed

SECONDARY OPERATIONS

Assembly

Drill

Roll Marking

Tapping

Broach

Slotting

Bore

Punch Press

Stamping

Our range of secondary operations capabilities and universal production machines offers flexibility and optimum manufacturing for a wide variety of turned parts.

INSPECTION EQUIPMENT

Vertex 220 Automated Visual
Inspection

Optical Comparators

SPC Data Collection

Hardness Tester

Bore Gage

Gage Block Sets

Height Gage Digital Profilometer

V-Blocks

IN-HOUSE TOOL MANUFACTURING
